

ESCAPE TO THE STYLE

Discover spectacular designs straight from Angel Strawbridge at The Chateau de la Motte Husson at Bayliss and Booth

Bayliss and Booth is the new, exclusive Isle of Wight stockist of designs from The Chateau by Angel Strawbridge. It is the couple's adventure of restoring the chateau, as shared on Channel 4's series, *Escape to the Chateau*.

These exquisite collections, which include the Wallpaper Museum Collection and Potagerie Collection, are inspired by Angel and Dick Strawbridge's home, the Chateau de la Motte Husson.

On visiting the chateau's attic for the first time, Angel discovered many rolls of beautiful wallpaper offcuts from the designs which had adorned the walls of the chateau during the centuries - these inspired the Wallpaper Museum Collection. Meanwhile, The Potagerie Collection was inspired by Dick's cottage garden at the chateau.

These designs, as well as the Oriental Garden, Heron and Deco collections will be available as not only fabrics by the metre, but as lampshades, ready-made curtains, cushions, wallpapers and bedding.

The Bayliss and Booth team felt a great synergy with these collections, as the Newport-based leading interiors and lifestyle shop has a heritage of antique French furniture and French interior style.

Visit the Bayliss and Booth fabric room for inspiration from many leading fabric collections, including Linwood, Ian Mankin, Voyage Maison and Thevenon.
