MODULAR FURNITURE FOR
INDOOR & OUTDOOR LIVING

VLAZE ADAPT is an innovative collection of modular and freestanding furniture that can be moved freely from indoors to outside.

Designed for outdoor living these pieces offer the perfect solution for food preparation and al fresco dining.

The kitchen modules are engineered from stainless steel and adorned with a vitreous enamel surface while the dining tables and planters use a combination of aluminium, steel and vitreous enamel. This durable, weather proof enamel finish is created by fusing powdered glass to steel at temperatures in excess of 800°C. The result is a luxurious vibrant glaze that is heatproof, hygienic and stain resistant and is guaranteed for 25 years.

VLAZE is British made on the Isle of Wight by the makers of the iconic signage for the London Underground and the Paris Metro.

VLAZE THE INSIDE OUT KITCHEN

An open plan kitchen that utilises the free moving ADAPT ISLAND and ADAPT 120 to connect the inside with the outside. The inside element of this kitchen features a fixed ADAPT 240 unit with integrated sink and electric oven while the two movable units can be used indoors or out making for a beautifully versatile space.
