## The Tetrad difference

There are no shortcuts when crafting your Tetrad sofa. Let's start with the frame... glued, screwed & dowelled. Made from FSC hardwood rails, it's the foundation of everything that follows.

Havana

Why not personalise your furniture with scatters, throws & rugs from our accessories range

Dalmore

Elgar

Detailed tailoring exemplifies the very best in British sofa craftsmanship

Buxar

# The velvet touch

Soft & inviting, there is something very special about the feel of velvet. Like many of the finest things, cotton velvets will take on a time worn appearance and need a little looking after.

## Keswick

Aberlour

## Full grain leathers

Tetrad's full grain leathers are all hand tanned in Italy with multiple layers of wax that highlight their natural markings. This creates a supple finish and patina that will develop character over time.

## Feathers

The traditional seat filling for fine furniture. It's the comfortable choice but requires plumping to keep it looking at its best. There is no alternative to duck feathers in creating that sink in wrap around feeling.

Alicia

Your sofa, it's at the centre of so many special moments so make it a thing of beauty

Windemere

Relaxed lines and soft fabrics create sophisticated serenity

Alexia

# Your comfort

The things you don't see are really important to maintain your sofa shape and comfort. Springs are the unsung hero of a well made sofa.

# Afterword

We hope you have enjoyed looking through our heritage collection as much as we have appreciated designing it.

Tetrad takes great pride in creating British handcrafted furniture that will last a lifetime. We hope that within these pages you will have uncovered the piece for your home.

We invite you to visit your local Tetrad stockist to find out more about our ranges. Discover the comfort, style and luxury of our furniture. After all, anything else is just a sofa.

*All dimensions are approximate and we reserve the right to amend in the interest of improved quality.*

*Tetrad full grain leathers and natural fabrics may vary in colour and texture. Markings in the hide are regarded as natural characteristics. Colours are also subject to the limitations of the print process. If in doubt we advise you to request a sample from us via the website or your local stockist.*

*Feather fillings - we recommend that all cushions are plumped and turned on a regular basis in order to maintain loft and appearance.*
